ARC

Railway Services

- 4 ARC is MIG's subsidiary specialized in rail sector and is the holding company of MIG's rail and transportation investments.
- 4 ARC is the leading specialized private sector rail services company in the Kingdom of Saudi Arabia and the GCC.
- 4 ARC serves the Kingdom's key railway clients directly and through our rich portfolio of joint venture companies.
- 4 ARC offers a wide range of services within the railway sector, these are offered either:
 - Directly by ARC.
 - Through our joint ventures or partnerships.
 - Through other companies within the MIG group of companies.

Railway Services

- ✦ Since ARC's initial success, ARC has supported a number of international partners within Saudi Arabia to be successful these being:
 - ✦ Bombardier (KAJD, Jeddah Airport APM).
 - ✦ EMD (SRO & SAR).
 - ✦ CAF (SAR & further orders from SRO).
 - ✦ YAPI Merkezi (Medina station & Nariyah workshop).
 - ✦ ARI (SAR freight wagons).
- ✦ ARC also supports our partners by undertaking other elements of work, which include:
 - ✦ Electrical installation at Jeddah Airport for the Bombardier APM system.
 - ✦ Local in Kingdom support for EMD.
 - ✦ Provision of maintenance services for CAF passenger trains.
 - ✦ Provision of train drivers for the CAF passenger trains.

Company Overview Cont.

ARC also has in house capabilities and skills which include:

- Project management.
- Engineering services.
- Technical support.
- Logistics.
- Localisation.
- HR & Admin support.
- Training.

- ✦ EMD is the world's largest builder of diesel-electric locomotives for all commercial railroad applications: freight, intercity passenger, commuter, switching, industrial and mining.
- ✦ ARC and EMD successfully delivered the following projects:
 - ✦ 25 locomotives to SAR.
 - ✦ 10 locomotive to SRO.
 - ✦ 8 switchers to SRO.
 - ✦ 7 switchers to SAR.
 - ✦ 36 locomotives (awarded).
- ✦ Electro Motive Arabia, a JV between ARC & EMD to provides the following services:
 - ✦ Supply of diesel locomotives within the Kingdom.
 - ✦ Complete end-to-end logistics support for the delivery of EMD locomotives from North America to client site in a remote area of Saudi Arabia.
 - ✦ Technical support, lifecycle maintenance and overhaul of EMD products.

- ✦ Bombardier transport is the global leader in rail technology and has installed a base of over 100,000 rail vehicles worldwide.
- ✦ ARC success as a sub-contractor to Bombardier includes:
 - ✦ The design, supply, operations and maintenance for Bombardier monorail system to the King Abdullah Financial District.
 - ✦ The design, supply and operations & maintenance of APM system at the King Abdulaziz International Airport.
 - ✦ Complete end-to-end logistics support for Bombardier transport projects in the Kingdom.
 - ✦ Bombardier metro systems for Riyadh Metro.

- ✦ ARI is a leading North American designer and manufacturer of hopper and tank railcars. ARI provides its railcar customers with integrated solutions through a comprehensive set of high quality products and related services.
- ✦ ARC – ARI joint success to date is the supply of 240 bauxite wagons for SAR.
- ✦ Future Opportunities:
 - ✦ Additional tank wagons and double stack wagons for SAR (Saudi Aramco).
 - ✦ Additional wagons for SAR.
 - ✦ Wagons for Saudi Landbridge Project.
 - ✦ Additional wagons for SRO.

- ✦ Yapi Merkezi, a Turkish company specialized in railway and metro construction.
- ✦ ARC and Yapi formed Yapi Merkezi Saudi Arabia to execute engineering, procurement and construction of railway facilities and railway infrastructure.
- ✦ Yapi Merkezi Saudi has current backlog in excess of SR2bn with current projects :
 - ✦ Haramain Madinah passenger station EPC contract.
 - ✦ SAR - North South railway Nariyah workshops EPC contract.
 - ✦ Jubail CTW 130.

- ✦ CAF is a Spanish company specialized in trains, metro and tram manufacturing.
- ✦ ARC and CAF relationship dates back to 2006 where both companies successfully won the below projects:
 - ✦ SRO 8 trainsets.
 - ✦ SRO 4 trainsets.
 - ✦ SRO royal coach.
 - ✦ SAR 5 trainsets.
- ✦ ARC has two subcontracts from CAF:
 - ✦ SRO train operations.
 - ✦ SRO train maintenance.

- 4 Saudi Electronic Systems Company specializes in providing trusted and proven technology oriented electronic and systems integration across the Kingdom of Saudi Arabia and the GCC, in civilian and military systems integration, electronic warfare, information systems and security solutions.

Services

- 4 Special mission requirements ISR,MPA and EW.
- 4 Communications solution.
- 4 SATCOM network design, installation and support.
- 4 Systems design life cycle and MRO.
- 4 Security solutions.
- 4 Passive surveillance systems.
- 4 RFID tracking.
- 4 Encryption and IA services.
- 4 Mesh network security.
- 4 CCTV implementation with video analytics.
- 4 IT solutions.
- 4 C41.
- 4 Cloud infrastructure with encryption services.
- 4 Network engineering (LAN, WAN, Fiber and Microwave).
